To

The Chief Secretary to the
Government of Mysore, Bangalore

SIR

Revised estimate for submain sewer No 2 from the Jail extension to the flood water drain in Cultanpet, Bangalore City

---

I have the honour to state that an estimate amounting to Rs 24,700/- was prepared and forwarded to the Municipal Commissioner by the Chief Engineer in his No 3335 dated 22nd September 1932 hile countersigning the estimate, the Council were of opinion that it would be advantageous to have street sewers laid along with the submain and hence they sanctioned a lumpsum amount of Rs 50,000/- for both the submain and street sewer

2 In their Order No L 4420-3/M1 178 32-2 dated 4th January 1933, Government sanctioned the above lumpsum estimate for Rs 50,000/- A detailed estimate for the street sewer as subsequently submitted to Government and separate sanction for the same was obtained

3 The agency to execute the works of the submain sewer was not definitely known at the time of preparing the original estimate and hence no establishment charges were provided for therein The work was executed by the Bureau of Sanitary Engineering and hence establishment, tools and plant charges at 18 per cent amounting to Rs 4,105/- have been included in the revised estimate Besides, the submain was extended, during execution, right up to the Ananda Rao circle increasing its length by 2600 ft and the above

causes have led to a net excess of Rs 2,500/- over the estimate after taking into consideration the savings

4 The revised estimate amounting to Rs 20,900/- has been countersigned by the Municipal Commissioner in his letter No A1 74/35-36 dated 7/8th August 1935 and I request that early sanction of Government may kindly be obtained to the revised estimate to regularise the accounts

5 The marginally noted papers are sent enclosed

1 Detailed Estimate with abstract
